Discontinuation Notice of Certain Legacy Radios of DMR Protocol

As a leading global provider of professional communications technologies and solutions, Hytera keeps investing in innovative R&D and releasing new products to ensure customer value and competitiveness in the market.

In order to minimize the instability of supply caused by the discontinuation and replacement of old electronic components, as well as to better meet the global market's higher requirements for product features and performance, Hytera has decided to discontinue some legacy radio models of Digital Mobile Radio (DMR) protocol.

- In principle, Hytera and its subsidiaries will stop shipping designated legacy models of DMR radios by March 31, 2024. Please refer to the attached list for specific discontinued models.
- Discontinued radios shipped by March 31, 2024, retain standard after-sales maintenance services.

Hytera has launched the H Series, a new generation of DMR radios, which are widely recognized by users globally. Hytera will keep the excellence of responding to customers' evolving requirements and continuously introduce new products to provide faster, safer, and more versatile connectivity for business and mission critical users.

Hytera Communications Corporation Limited

Attachment: the list of legacy models of DMR radios to be discontinued					
Device Type	Series	Model	Frequency Band	Region	Notes
Portable radio	PD5	PD50X	All bands	Global	Including i Series
		PD50X LF	All bands	Global	
		PD56X	All bands	Global	Including i Series
		PD59X	All bands	China	This model is only for the market in China
	PD6	PD60X	All bands	Global	Including i Series
		PD66X	All bands	Global	Including i Series
		PD68X	All bands	Global	Including i Series
	PD7	PD70X	All bands	Global	Including i Series
		PD75X	All bands	Global	Including i Series
		PD78X	All bands	Global	Including i Series
	PD9	PD98X	All bands	Global	Including i Series
	X1	X1e	All bands	Global	
		X1p	All bands	Global	Including i Series
Mobile radio	MD6	MD65X	All bands	Global	
	MD7	MD78X	All bands	Global	
		MD78Xi	All bands	Global	
Repeater	RD6	RD62X	All bands	Global	Including i Series
	RD9	RD96X	All bands	Global	Including i Series
		RD98X	All bands	Global	Including i Series
		RD98XS	All bands	Global	Including i Series
Explosion-proof radio	PD5 CQST/UL913	PD50X	All bands	Global	Including i Series
		PD56X	All bands	Global	Including i Series
	PD6 CQST/UL913	PD60X	All bands	Global	Including i Series
		PD66X	All bands	Global	Including i Series
		PD68X	All bands	Global	Including i Series
	PD7 CQST/UL913	PD70X	All bands	Global	Including i Series
		PD75X	All bands	Global	Including i Series
		PD78X	All bands	Global	Including i Series
	PD9 CQST/UL913	PD98X	All bands	Global	Including i Series
	X1 CQST/UL913	X1e	All bands	Global	
		X1p	All bands	Global	
	PD7 Ex	PD71XEx	All bands	Global	
		PD79XEx	All bands	Global	
	PD7 IS	PD71XIS	All bands	Global	
		PD79XIS	All bands	Global	
Radio for train sector	PD7	PD700S	All bands	China	This model is only for the market in China
		PD700R	All bands	China	This model is only for the market in China

Note: The letter "X" in model names represents the 0, 2, 5, 6, or 8.
